水廚神淨水系統
Made in USA

爭造地球上最好的淨水器
Dedicated for Water Filtration on Our Planet

WaterChef® 水廚神高級水過濾產品是 Water Safety Corporation (美國水安全) 公司的獨家在線品牌。在過去 30 年中，水安全公司一直在為全球客戶，分銷商和經銷商設計，製造和分銷高品質的水過濾產品。

我們從一個謙卑的的想法和一個朋友的車庫開始我們的事業，發展到位於內華達山脈地帶、美麗太浩湖下方的基地，我們最先進的製造設施，這裡你會發現一隊熱愛為地球製造最好水質的團隊！

WaterChef® Premium Water Filtration is the exclusive online brand of Water Safety Corp. For the past 30 years, Water Safety Corporation has been designing, manufacturing and distributing high quality water filtration products to a worldwide audience of customers, distributors and dealers.

From our humble beginnings that started with just an idea and a friend's garage, to our state-of-the-art manufacturing facility located at the base of the Sierra Nevada Mountains just below the beautiful Lake Tahoe, you'll find a team of dedicated employees that are passionate about producing the finest water quality products on the planet!

A Nearest Protection to Your Health

最近你的健康防線

獨特的Big Block™過濾技術，將固體碳塊的濾芯混合專屬獨有的過濾介質，能增加污染物的去除量，同時保留有益的礦物質（如鈣，鎂和鉀），並使單個濾芯達到3,785 L（1,000 加侖）的使用壽命

Utilize a unique Big Block™ filter technology which combines solid carbon block filtration with proprietary filter medias to increase contaminant removal while retaining beneficial minerals (such as calcium, magnesium and potassium), and achieve a single filter life of up to 3,785 L (1,000 gallons)

通過NSF/ANSI檢測和認證

有效濾除水中鉛(>99%)，氯，氯胺，囊腫孢菌，合成污染物（農藥和除草劑），工業污染物和石油污染物(苯、VOCs和MTBE)等，同時允許保留有益的礦物質(例如鈣，鎂和鉀)

特大BigBlock™過濾芯 CR70

3,785升使用壽命(約1年)

簡易更換式設計

Eco-Smart節水技術

智能電子LED警示

隨時查看濾芯狀態

避免使用失效濾芯

簡易、快速安裝

Quick Tight接駁式

Tested and Certified by NSF

Provides unsurpassed contaminant reduction including lead(>99%), Chlorine, Chloramine, Cysts, Synthetic Contaminants(Pesticides and Herbicides), Industrial Contaminants and Petroleum Contaminants (Benzene, VOCs and MTBE) while allowing beneficial minerals (Calcium, Magnesium and Potassium) to remain.

Powerful Big Block™ filtration CR70

Long life cycle up to 3,785Litres (about 1 year).

Designed for easy filter replacement.

Eco-Smart water saving design.

Intelligent Monitor™ LEDs

No more guesswork! Check filter status anytime.

Avoid extended usage of filter.

Quick and Easy Installation

Installed with a quick tight connector.

LED警示

Quick Tight
接頭

Healthier and Tenderer Skin, Softer and Smoother Hair

肌膚健康嫩滑，秀髮柔軟易梳

NSF/ANSI 177檢測和認證

溫水淋浴時，氯化蒸汽被皮膚吸入，剝離人體身上的天然油性成分和蛋白質。SF-7C降低水中餘氯，讓頭髮和肌膚得到呵護，並軟化水質，節省沐浴露、洗髮水用量。

ThermalGuard™ 耐溫濾芯

使用特殊催化炭耐溫配方製造

操作溫度：1°C 至 60°C

出水量：9.46升/分鐘

使用壽命：37,854升（比KDF類濾芯更節省）

簡易更換設計

簡便安裝

無需工具，標準接駁方式，可直接接上浴室標準出水口

標準配置

濾芯外殼：高抗力ABS

花灑頭：5種噴淋模式

軟喉管：60" 長，高品質不銹鋼及矽膠內襯（無異味）

表面處理：拋光鉻

Tested and Certified by NSF/ANSI 177

Warm shower which strips away natural oils and proteins while chlorinated vapors are inhaled. SF-7C removes excess Chlorine to keep your skin and hair healthier. It also softens the water and helps to save consumptions of shower gels and shampoo.

ThermalGuard™ Warm Shower Filter

Utilize advanced catalytic carbon technology. Operating at 1°C to 60°C at a max flow rate of 9.46L/min. Unlike other KDF filters, our long life filter (37,854L) provides a lower cost per shower.

Easy Installation

Can directly connect to standard shower outlet (no tools!)

Standard Features

Hi-impact ABS housing, 5 adjustable spray patterns, Premium 60" Stainless Steel Flex-Hose (Odorless!), Polished chrome finish.

藏匿於櫥櫃下的精妙淨水科技

Exquisite Filtration, Hidden Under-Sink

使用獨有的Big Block™技術並配合濾芯受壓結構，除了提高水流通過量外，並且擴大了濾芯的工作水壓範圍（206.8-689.5 kPa）。濾芯壽命與同比產品得到加倍的提高，達至3,785升（1000加侖）工作壽命。

Use of unique Big Block™ technology and sturdy build structure, water flow rate can be increased, and the filter working pressure can be raised to a range of 206.8-689.5 kPa. Filter life are doubled as compare to other competitors' products, up to 3,785 liters (1,000 gallons) working life.

下單時別忘記同時訂購一個經過多種表面處理的高級水龍頭。
Be sure to purchase a faucet with choices of premium finishes with your order.

“我們關心人和他們用水的質量”
“We care about people and the quality of their water”

我們大家都同意濾芯是任何過濾系統的核心。污染物可以包含在濾芯中，或者無意中在每次用水時通過過濾系統，但作為消費者，您如何確定您的過濾系統是否正常工作？

當許多競爭對手仍然沒有製造自己的濾芯時，Water Safety Corporation卻在自己基地設計和製造所有WaterChef®水廚神過濾器的濾芯。在這裡，我們嚴格注意製造過程中至關重要的各項細節。正是由於這種精確細節的專注和嚴格的質量保證，我們的固體壓縮成型碳塊濾芯是世界上最優秀的生產之一。

We think that you will agree that the filter cartridge is the heart of any filtration system. Contaminants can be either contained in the cartridge, or inadvertently passed through to the water that you use and consume each time you use a filter system, but as a consumer, how can you be certain your filter system is working the way it should?

While many of our competitors do not make their own filter cartridges, Water Safety Corporation designs and manufactures all WaterChef filter cartridges right here at home. It is here, during the manufacturing process, where strict attention to detail is critical. It is because of this attention to precise detail and strict quality assurance standards that our solid, compression molded carbon block filter cartridges are among the very finest produced anywhere in the world.

WaterChef®水廚神過濾系統還附有行業中最值得消費者信心印章 – 美國國家衛生基金會NSF®，以行業最嚴格的標準驗證我們產品對污染物的實際去除量、流速和結構合理性。在淨水行業裡信任NSF的認證就足夠了。

WaterChef filter systems carry the most trusted consumer confidence seal in our industry – NSF®. To let them independently test and verify the actual contaminant reduction performance, flow rate, and structural integrity of our products against the most rigorous industry standards. In the water industry, trust what NSF Certification is all about.
